

## PROFESSIONAL COURSE OUTLINE

Microsoft

# Build a generative AI chat app

Program aligned

To earn this Microsoft Applied Skills credential, learners demonstrate the ability to Build a generative AI chat app.

Candidates for this credential should have a solid understanding of working with Microsoft Foundry and language models. They must also have experience programming in Python or C#. This assessment lab requires coding experience. If you don't have coding experience, you may want to try Microsoft Applied Skills: Create an AI Agent instead.
