

PROFESSIONAL COURSE OUTLINE

Microsoft

Develop data-driven applications by using Microsoft Azure SQL Database

Program aligned

To earn this Microsoft Applied Skills credential, learners demonstrate the ability to develop data-driven applications by using Microsoft Azure SQL Database.

Candidates for this credential should have experience developing data-driven applications. They should also be familiar with the Azure ecosystem and the components involved in developing applications that include Azure SQL Database. Candidates need a basic understanding of Git-based source control, in addition to how REST APIs interact with Azure SQL Database for data operations.

Who This Program Is For

Built for Developer learners validating applied skill in Azure Sql Database.

PROGRAM SUMMARY

What This Course Covers

To earn this Microsoft Applied Skills credential, learners demonstrate the ability to develop data-driven applications by using Microsoft Azure SQL Database.

TAILORED DELIVERY

Adapt the program around your team.

This outline can be adapted for virtual, on-site, or hybrid delivery, with emphasis adjusted for your team's platform priorities, role mix, and implementation goals.

Enterprise-ready delivery format

VNode ITeS can align labs, examples, delivery pace, and assessment checkpoints to the required audience profile while preserving the official program sequence where applicable.

COMPLETE MODULE SEQUENCE

Module Flow and Topic Coverage

The structure below presents the current delivery flow for this program, including the associated topics covered under each module.

1

MODULE 1

Develop data-driven applications by using Azure SQL Database

Learn how to develop data-driven applications by using Microsoft Azure SQL Database. DP-3020

- Get started with Azure SQL Database for modern application development
- Develop for Azure SQL Database
- Develop a data API for Azure SQL Database
- Explore data manipulation options in Azure SQL Database
- Explore security practices for Azure SQL Database

SCHEDULE A SESSION
