## Who This Program Is For

Built for Developer learners validating applied skill in Vs Code.

## PROGRAM SUMMARY

## What This Course Covers

To earn this Microsoft Applied Skills credential, learners demonstrate beginner level skills at developing classes with properties and methods in C#.

## TAILORED DELIVERY

## Adapt the program around your team.

This outline can be adapted for virtual, on-site, or hybrid delivery, with emphasis adjusted for your team's platform priorities, role mix, and implementation goals.

### Enterprise-ready delivery format

VNode ITeS can align labs, examples, delivery pace, and assessment checkpoints to the required audience profile while preserving the official program sequence where applicable.

## COMPLETE MODULE SEQUENCE

## Module Flow and Topic Coverage

The structure below presents the current delivery flow for this program, including the associated topics covered under each module.

### Plan the next session

We can tune this outline around your delivery goals and team mix.
