AUDIENCE PROFILE

## Who This Program Is For

Built for teams improving serious RAG systems for production use.

PROGRAM SUMMARY

## What This Course Covers

Official NVIDIA self-paced course on improving the effectiveness of retrieval-augmented generation systems.

TAILORED DELIVERY

## Adapt the program around your team.

This outline can be adapted for virtual, on-site, or hybrid delivery, with emphasis adjusted for your team's platform priorities, role mix, and implementation goals.

### Enterprise-ready delivery format

VNode ITeS can align labs, examples, delivery pace, and assessment checkpoints to the required audience profile while preserving the official program sequence where applicable.

COMPLETE MODULE SEQUENCE

## Module Flow and Topic Coverage

The structure below presents the current delivery flow for this program, including the associated topics covered under each module.

1

MODULE 1

### Improve RAG system quality

Learn applied techniques for making RAG systems more effective and production-ready.

- RAG quality improvement
- Enterprise effectiveness patterns

### Plan the next session

We can tune this outline around your delivery goals and team mix.
